

# SKYGUARD WALL

PRISMA<sup>TECH</sup>

## METAL HALIDE

1-35W

### APPLICATION

Suitable for pathways, driveways, gate entrances, campuses, courtyards, hospitals, commercial and institutional environments.

The light distribution complies with the IESNA Full Cut-Off Classification and is eligible for all "Dark Sky" applications and local light trespass ordinances.

### LUMINAIRE CONSTRUCTION

The Skyguard housing and trim are made of copper free die-cast aluminum, the wall bracket is extruded aluminum, all painted with a long lasting powder coat finish.

### GLASS DIFFUSER

Clear tempered soda lime glass diffuser, 0.111" thick.

### GASKET

Gasket between trim and glass and one-piece molded EPDM gasket between trim and housing seals out water, dust and insects.

### ELECTRICAL

Electronic HPF Compact Fluorescent Ballast for 120 thru 277 volts, 50/60 Hz. The electronic ballast provides excellent color stability over life of the lamp and has an "A" sound rating for quiet operation  
THD less than 10%.

### LAMPS

Metal Halide 35 W Bi-Pin G12 base. Lamps supplied by others Porcelain lampholders is 4KV pulse rated and have 200° C wires.

### FINISH

Iron Gray and Matte Metallic Gray are standard. The standard finish includes a ten step process of cleaning pretreatment and painting. Thermally cured (TGIC) polyester powder coat paint is electrostatically applied to each fixture. This process ensures the finish will last for years without fading, chipping or cracking. Conforms to ASTM D 1730 and MIL - C - 5541.

### LISTINGS

UL and cUL listed, Wet location, IP55.

### ACCESSORIES

Further accessories include a 98,2" post acceting up three Skyguard Wall luminaires.
